EXPERIENCE

Software Developer Intern | Priority Software Inc. | 4/2017-Present

Handled database and website programming tasks (primarily using JQuery, VB.NET, and MS SQL). Debugged and fixed various issues in databases, built dialogs, and created stored procedures and views. Commended on working diligently to solve problems with little supervision needed.

EDUCATION

BA Computer Science | 2014-current | University of Alabama at Birmingham

Consistently praised by professors for programming abilities, grasps of multiple technologies, and attention to detail. (Minor in Business Administration)

Advanced Diploma | 2008 | Pleasant Grove HS

★★★★★ Linux
★★★☆☆ JQuery
★★★★☆ HTML
★☆☆☆☆ C
★★★★★ Java
★★☆☆☆ MS SQL

LEADERSHIP

Teacher's Assistant at UAB School of Engineering.

Completed all upper level math courses in the UAB School of Engineering.

Did programming as part of a research team for UAB's Department of Neurology.
